entegra PROCUREMENT SERVICES®

FOOD SERVICE IS CHANGING AT AN UNPRECEDENTED PACE, AND WE WANT TO SUPPORT YOU IN EVERY WAY POSSIBLE.

With the COVID-19 crisis impacting all industries across the world, food service operations are facing a new set of unprecedented challenges. Restaurants and cafeterias must find alternative ways to serve their customers due to mandated closings of dine-in locations. Other segments, such as healthcare locations and C-Stores, have the opposite problem. They must suddenly provide for an unusual influx of customers with takeout and grocery needs.

Entegra reached out to select vendors to gather product options to fit your need for individually-packaged, grab-and-go food and products ready for a "take out" environment. Whether you are stocking staff break areas, implementing a pop-up convenience store, providing food-to-go for staff to bring home to their families, or extending your working hours, these products offer these benefits:

- Time and labor savings / minimal steps to prepare
- Convenience / speed of service
- Minimal touch points
- Food safety
- Long shelf-life or freezable items
- Variety
- 24-hour availability

How To Use This Guide

Click on one of the Vendor Partner logos to go directly to their product page. Use the **Home button** to return to this page. You may also use the **arrow keys** in the lower right-hand corner of each page to flip through this resource.
